

Notification of Production Discontinuation

Issued June 11, 2020
FUKUDA CO., LTD.

Title	Production Discontinuation of Model FLF-100 Laminar Flow Meter
--------------	--

Thank you very much for your purchase and use of the FUKUDA FLF-100 series.

We are writing to notify you that production of the long-running FLF-100 series is being discontinued as per the following. We thank you for your understanding.

1. Model for which production and sale is being discontinued

Product Name	Model
Laminar Flow Meter	FLF-100

2. Timing at which production and sale is being discontinued

Discontinuation of sale announced on June 11, 2020
Orders close on (final date of accepting orders) March 31, 2021
*As production of some components has been discontinued,
we recommend upgrading to our successor models.

3. Reason for production and sale being discontinued

- Production cannot be continued as some components are no longer available.

4. Recommended replacement models

Product Name	Replacement Model
Laminar Flow Meter	FLF-110

* Please contact the International Sales Division regarding replacement models.
